2005 Executive Board Elections

2005 brings the election of two officers of the executive board. The incumbent 1st Vice President, Susan Agree, has chosen not to run again (she has clearly indicated that she would not accept an office, even as a write-in). The other position that is up for election is the position of Treasurer. The members below have submitted statements (within the constitution guidelines) as candidates that have either been nominated or declared themselves as write-in candidates.

1st Vice President

Tom Fleming
Steve Hineline (write-in)

Treasurer

The Constitution states:

Write in candidates are allowed. In a case where the write-in candidate has the majority of votes, the candidate must accept prior to the announcement of the results for each office

Election Results will be posted within 24 hours via E-Mail and posed

on Union Bulletin Boards within one week after election day.

Installation of the new officers will be at the January Executive Board Meeting.
